AUCTION TERMS AND CONDITIONS

Neither Safari Club International (SCI), nor the Washington Metro Chapter of SCI makes any warrant or representation, expressed or implied, regarding the information announced in connection with hunts offered for auction. A hunt purchase shall be construed to be an agreement between the donor and the bidder.

The Washington Metro Chapter of SCI retains the right to refund the purchase price for any and all liability, if any, which may incur or for which claims may be made.

The Washington Metro Chapter of SCI does not warrant or promise, expressly or otherwise, satisfaction with any auction item. Any problem regarding an auction item should be resolved directly with the donor.

Transfers of firearms are the responsibility of the purchaser/winner. Firearms must be picked up at Prince George's County Trap and Skeet Center within 90 days, unless otherwise noted or arrangements are made. Firearms not picked up within 90 days will become the property of the Washington Metro Chapter of SCI.

The Washington Metro Chapter of SCI will require payment in full for all goods purchased, whether by silent or live auction, by the end of tonight's event.

The Washington Metro Chapter of SCI would like to thank Chen Sun for facilitating the firearms transfers and Fred Reger for his auctioneer services.

Sig Sauer MCX Patrol Rifle - 5.56 Nato

TELESCOPING/FOLDING 3- POSITION STOCK

The revolutionary recoil system allows for multiple shot engagements while the stock is folded.

AMBIDEXTROUS MANUAL SAFETY

Ambidextrous charging handle and controls come standard on all models.

The Sig Sauer MCX Patrol rifle was built for optimum performance. Each SIG MCX features an aluminum KeyMod handguard, AR-style lower controls and utilizes polymer magazines. A revolutionary recoil system does not require a buffer tube, allowing for side-folding stocks. A picatinny top rail allows for the mounting of lights or optics. The aluminum forend allows for rail sections to be added where they are needed, permitting the attachment of accessories. The lower receiver offers familiar AR-style controls. Completely ambidextrous controls include the safety, magazine release and charging handle.

Two Days of Fishing for Two Anglers w/ Lodging Green River in Utah with Sweet Lorraine's Fishing Co.

Two Anglers will experience two days of fly fishing the world famous Green River below the Flaming Gorge Dam in Utah with Sweet Lorraine's Fishing Co. Enjoy three nights lodging at Sweet Lorraine's Bed & Breakfast

The Green River below the dam has become one of the world's most famous fisheries. Crystal clear water with controlled temperatures has created good insect life to feed the fish and keep them large and healthy. The numbers of fish per mile are extremely high compared with other rivers.

You'll fly fish from a Dory Boat under the professional guidance of Sweet Lorraine's Fishing Co. All flies, equipment, drink, and lunch included.

In the evenings, you'll retire to the only five star accommodations in the Green River/Flaming Gorge area. All meals and drinks are included.

Dates may be booked as available in the 2017 fishing season only (April 1 – October 15)

Anglers are responsible for the following: Transportation to and from Sweet Lorraine's B&B / Fishing License / Gratuities

This fishing trip was generously donated by Dave McDonald of Sweet Lorraine's Fishing Co. and Sweet Lorraine's Bed & Breakfast

Waterfowl Hunt for Four Hunters with Eastern Shore Guide Service

Four hunters will have the opportunity to hunt the famous Eastern Shore of Maryland during the 2017/2018 waterfowl hunting season

With more than 25 years of waterfowl hunting and guiding experience, Eastern Shore Guide Service is operated on Maryland's Eastern Shore specializing in waterfowl hunts for Canada Geese, Puddle Ducks, and Diver Ducks. Their farms are located within Kent and Cecil County Maryland. Both areas have several restaurants and hotel lodging for your convenience.

Eastern Shore Guide Service will provide you with a licensed guide who is knowledgeable of the hunting area, as well as a professionally trained retriever. Eastern Shore Guide Service can accommodate large parties, corporate events, or just a family adventure. Hunting can take place in pits, shore-blinds, A-frame blinds, and diver hunts from boats or layout boats on the famous Chesapeake Bay and its tributaries.

Hunters are responsible for the following:

- Hunting license
- Ammunition
- Guide Tips

Kimber Mountain Ascent Rifle - .308 Win

**.308 WIN • 4LBS. 13OZ. • 22" STAINLESS STEEL BARREL
ADJUSTABLE TRIGGER • 1-INCH PACHMAYR DECELERATOR PAD
KEVLAR/CARBON FIBER STOCK W/OPTIFADE OPEN COUNTRY**

Durable and exceptionally accurate, the Mountain Ascent is the lightest production bolt action big game rifle available today. In a review for American Rifleman, Dave Campbell wrote the following, "The dedicated foot hunter will likely fall in love with the Mountain Ascent. Besides being lightweight, it's pretty accurate to boot. And it, after all, is a Kimber. The design is classic control-round-feed; its trigger is crisp and light enough to extract the most accuracy from this rifle, and the stock-while it doesn't have the panache of Claro walnut-is impervious to just about anything. It is pure a hunting rifle all the way through."

Beretta 686 Silver Pigeon I – 20 Gauge Shotgun

BERETTA

686 SILVER PIGEON I

20 GAUGE • 28" BARRELS • 6.4 POUNDS

Silver Pigeon I: Best Price-Quality Value in an Over-Under Shotgun

The 686 Silver Pigeon I hunting shotgun has all the functional features of Beretta's premium over-unders at a particularly attractive price. At its heart, it has the best-in-class 686 action, which is compact and low-profile while being extremely strong. Whether you take it to an upland hunt or to the clay range, the Silver Pigeon I gives you the flawless performance and the classic looks of a Beretta.

Natural Pointability, Swing

The Silver Pigeon I is built on the legendary 686 action, a long-standing favorite among hunters and competitive shooters. It features two conical locking lugs at mid-action, right between the barrels, giving it great locking strength and durability while keeping the action's profile considerably lower. The advantage is that the eye of the shooter is a lot closer to the plane of his supporting hand: considerably better swing and hand-eye coordination.

Flawless Fit and Finish

The Silver Pigeon I has all the elegance that you can expect from a Beretta. The oil-finished stock sports a beautiful and crisp checkering pattern, and the schnabel fore-end adds to the classic flavor of this over-under. The scroll-engraved receiver is a functional work of art in itself, with its interesting geometry blending perfectly with the stock and contributing to the gun's graceful lines. This is a shotgun that has all the elements of a treasured heirloom, without the price-tag to match.
